USE OF BOTANICALS IN PALM WINE PRESERVATION

LAP Lambert Academic Publishing Nov 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x5 mm. This item is printed on demand - Print on Demand Neuware - Rapid deterioration in organoleptic quality of palm exudate by the natural flora of the fermenting sap constitutes the major problem facing palm wine production and distribution. Although some preservation techniques including the use of chemical preservatives and other methods such as refrigeration, centrifugation and pasteurization have been developed, our attention is focused on the use...

Reviews

Thorough manual for publication fanatics. It is actually rally intriguing throug reading through period of time. Its been written in an remarkably simple way and is particularly only after i finished reading through this book in which actually transformed me, change the way i think.

-- **Morris Schultz**

This pdf is fantastic. It typically is not going to price too much. You will not truly feel monotony at at any time of your own time (that's what catalogs are for about if you request me).

-- **Leslie Reinger**

Absolutely essential go through publication. This can be for all who statte there was not a worthy of looking at. Its been printed in an remarkably basic way and it is just right after i finished reading this book through which in fact altered me, modify the way i think.
