Excerpt: . . . 11 Every trick and gotcha that Im going to talk about today is part of a legally approved and marketed plan. Heres how it plays out. Consumers dont understand how health insurance works. A couple of years ago we ran some focus groups of people who had bought their own insurance. We asked if their policies had an annual out-of-pocket limit. They had absolutely no idea what we were talking about even though buying a policy without one is like buying a car without brakes. And if they do find a plan at that price, its going to be junk insurance. They really cant find the booby traps in their policies. Ive seen a UnitedHealthcare policy that doesnt cover the first day of hos-pitalization which is the most expensive day, of course. I see many policies that only cover diagnostic tests if they are done in a hos-pital. Aetnas standard individual health plan only covers 5, 000 worth...
