As Islam continued to spread through the world, Arabic inherently followed. (P. 2). Arabic became prestige because of the variety of sciences that were invented by Arabs like Chemistry, Algebra and Astronomy. Things have changed today, and the language that is mostly used around the world is the English language due to the advanced technology and the political power that USA, and the English speaking countries has in the world. Hollywood movies and pop culture have a big impact in spreading English language throughout the world. Middle Eastern countries, especially gulf countries like Saudi Arabia, UAE, Kuwait and Iraq have been heavily influenced by English Language in the last few years. Since Islam has urged people to learn other nations language for security purposes, English language has been taking big part of the Arabic speaking countries. That desire to learn other languages has increased since the second Gulf war in 2003. 8 pp. Englisch.
