

Mobile Development with C#: Building iOS, Android and Windows Phone Applications

By Greg Shackles

O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, Mobile Development with C#: Building iOS, Android and Windows Phone Applications, Greg Shackles, With so many dominant players in the mobile space, each with its own stack, the thought of developing for all of them is daunting but unavoidable. Strange as it may seem, .NET developers are actually in the best position of all to do just that. While .NET is native on Windows Phone 7, products like MonoTouch and Mono for Android allow developers to leverage the .NET framework on iOS and Android as well. This book will help experienced .NET developers hit the ground running on all three platforms, showing how to build applications in C# as well as maximize the amount of code that can be reused across them.
