It is one of the best books. Better than ever, though I am quite late in starting to read this one. You won't feel monotony at any moment of the time (that's what catalogues are for regarding in the event you check with me).

From the gap between rich and poor to the impact of social media, via Machiavelli, Hobbes and Weber, Runciman's comprehensive short introduction is invaluable to those studying politics or those who want to know how life in Denmark became more comfortable than in Syria.
