iUniverse, Inc. Paperback. Book Condition: New. Paperback. 76 pages. Dimensions: 9.2in. x 6.1in. x 0.2in. In 1968, at 20 years old, while going through the double trauma of my parents divorce, and my own divorce from my first husband, I began writing down my thoughts and feelings on scraps of paper. At the time, I wrote to debrief myself and never dreamed that my writings would someday have any relevance in someone else's life. In October, 1969, while pregnant with my first child, I wanted to write a poem to celebrate the new life growing inside me. That poem turned out to be *The Fulfillment of Love*. It didn't rhyme, but it spoke from my heart. That is when I began to keep my little scraps of paper, so that I could read and reflect on them later. I continued to write sporadically about events in my life, and my poetry evolved. This book is an in-depth study of me, body and soul, over a 30-year period. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
