Brand New Book ***** Print on Demand *****.Excerpt from Town Lot Poultry Keeping: New Types of Houses, Appliances, Brooders, Curing of Diseases, Formulaes for Feeding, and a New Chart for Line Breeding The opportunities for making money by keeping poultry on a town lot, are many and the enjoyment derived from scientific poultry keeping will more than repay one for the labor spent. In putting this little book before the public, it is the author s aim to give his readers a practical and concise treatise on the keeping of poultry on a limited space of ground. The profits from a small plant will depend upon the care of the stock and the cost of production. It is not wise to keep any but standard bred poultry and only the best specimens of the breed you select. The cost of feeding the fowls will depend upon the current prices of grain. I have found that it requires about one hundred pounds of grain food per year besides green foods, etc. to keep a fowl in satisfactory condition. At the prices now charged for mixed grain, one hundred pounds of feed will cost about two dollars. Home prepared foods, after the formulas given in this book will cost 25 to 50 per cent. less. But even with the high grain prices current, one may expect to make a profit of at least three dollars per hen. Because of the limited space, a back yard plant should make a specialty of breeding-stock; permitting the poultry farmer with a larger area to specialize in the production of eggs for commercial use. It is possible, however, for a town lot breeder to incubate and raise to three months...
