Never before has the opposition party in Japan reached such a clear success in becoming the new ruling party of Japan and making the thus far dominant Liberal Democratic Party, abbreviated as LDP, the new opposition. As the newly elected government argues that the Iron Triangle Model, which dominates Japanese policy making processes, is outdated and proposed plans on how to reform it, new discussions about this post-war concept arose. Thus, this paper will deal with the following questions. In how far has the Iron Triangle Model been reformed in the recent years Is Japan shifting away from this post-war model and, what, if anything, has been achieved by contemporary reforms In how far are the reform attempts of former Prime Minister Koizumi...
