Brand New Book ***** Print on Demand *****.Hacking the Earthship: In Search of an Earth-Shelter that Works for EveryBody is a collection of academic and in-the-field research on Earthships combined with practical advice for designing and financing a truly sustainable earth-sheltered home. Rachel Preston Prinz and contributing authors discuss the history, research, design issues, and evolution of Earthships, drawing on the knowledge of thousands of builders, craftsmen, and designers who have mastered the art of earth sheltering. Then, they walk readers step by step through design, offering a wealth of resources that can inspire, inform, and educate. Within, readers will find the tools needed to understand their place s culture, architecture, and climate. and the ideal building methods for their climate, personality, values, and budget. THE NEW GENERATION OF EARTHSHIP ENTHUSIASTS: Does not want to cart questionable building materials long distances and call it green. Wants to build locally and naturally. and they want to build it themselves. Wants their buildings to be cool in summer, warm in winter, the humidity to be predictable and regular; and they want to minimize pests and allergens. Wants...
